

## Productivity Tools

### TAXWARE Custom Report Writer

- Create a custom report by vendor, product code, state, city, date range or whatever data you choose that is contained in your TAXWARE audit file.
- Create your own query and export the results to a report or to MS Excel®.
- This is a valuable utility if you are audited and need to search for filter specific data. With the TAXWARE Custom Report Writer you can create your own reports, choosing the information that you want to see in the order you prefer.
